FROM SACRAMENTO DISTRICT.—One of the first settlers of Pioche, Otto Kuenzer, arrived Sunday evening from Wallapi. He left here about one year ago with bright visions of digging up a fortune in Arizona before he came back to his old stamping grounds again. He has a fortune in prospect, and is only waiting for some speculative genius to come along and put up the coin. His mine is called the Monitor, and its richness and the quantity in sight has no equal. The Keystone, which most everybody in this camp has heard of some time ago, has been sold to San Francisco parties, and the original owners have gone thither to get their money. He says the mine is immense, having a four foot ledge of rich pay ore. The Chloride Consolidated, owned by E. Martin Smith and Wm H. Raymond, has struck it very rich. The Tiger mine, situated in Stockton at the extreme east end of the camp, has a shaft down 110 feet and rubs ore similar to that of Austin assays from \$400 to \$4,000 per ton. The Empire mine, at the west end of the camp, and some 10 miles from the Tiger mine, has a lead six feet in width, with average assays of \$150, with a depth of 100 feet on the shaft. Wm. G. Blakely, formerly of Pioche, is Superintendent of the Revenue Consolidated Mining Company. The Revenue mine, a part of the consolidation, is said to be the richest mine ever discovered on this continent. One smelter has been erected at Central City by Mr. A. B. Elder from Owen's river, and is now in running order. Col. Baker from Los Angeles is now putting up one in Chloride City. Everything looks favorable throughout the entire camp. There has been a large number of men in the district, but at present only 400 or 500 remain. A short time ago the Mojave Indians killed a man by the name of Goodrich on the river some 35 miles from the Wallapi camp. As near as we could ascertain, it appears the man was cutting hay on the Indian reservation, and they promptly went to him and told him to stop, which he refused to do. The Indians waited until he had got to sleep, then went to his quarters and beat his brains out. News came to Wallapi, and sixty mounted men, well armed, started to the Indian camp and were met by the chief of the tribe, Ara Taba, who immediately gave up the three murderers. They were shot dead by the miners. Health has been generally good. The only death occurring was that of Joseph Rhinehart, well known in Pioche. He died in May last of pneumonia.

SHADE TREES.—Nothing tends so much to beautify a residence and to give a town or city a cheerful appearance as shade trees. The barren looks of everything around Pioche would be relieved by setting out shade trees, and the time for so doing is near at hand. H. K. Chamberlain has a large lot of different kinds of shade trees growing in Eagle Valley, which he offers for sale. They have been tried in town and found to do well. Frank Buck, at the lumber yard, is agent for the sale of these trees. See advertisement.

NEW YORK.—Much difference of opinion exists among politicians concerning the vote of New York State at the Presidential election in November. We are authorized by a responsible party to say that he will bet any amount from \$100 to \$5,000 that the Greeley and Brown Presidential Electors will be chosen in the State of New York on the 5th of November next. Here is a chance for any gentleman of an opposite opinion to back his judgment.

M. McCLUSKEY, who left some time ago to attend the Liberal Republican and Democratic State Convention at Reno, returned to Pioche on Sunday evening, a little the worse for the trip, but in a few days he will be all right again. Mc's prolonged absence was occasioned by a severe injury which he received from the upsetting of a buggy in which he and Major Ferrell were returning to Virginia City after the adjournment of the Convention. He was confined to his bed and under Dr. Webber's care for a week or more.

HARRY HOLMES' BENEFIT.—Harry is well known in Pioche as one whose generous instincts always lead him to aid in every good work. On every occasion of a benefit he has been among those who have volunteered their services. It is now proposed to give Holmes a benefit, and the Pioche Theatre has been selected as the place and next Tuesday evening the time for the same. This will be the last entertainment in that building, as it is to be used in future for other purposes.

A YEAR'S PRODUCT.—The product of the mines of Ely District for the year ending August 31, 1872, as ascertained by R. W. Raymond, U. S. Commissioner for obtaining mining statistics, was \$5,282,407—of which \$127,173 was classed as base bullion. In this time the Raymond & Ely Co. produced \$3,406,895. This company has paid seventeen dividends since March, 1871, amounting in the aggregate to \$2,115,000.

A BAD PRACTICE.—Some people do not hesitate to fire a pistol or gun at any time, day or night, in this city, a practice which we regard as reprehensible, and one which should not be continued. A city charter will be obtained next winter, and then a quietus will be put upon such proceedings.

ANOTHER SENEADA.—The enthusiastic friends of Sheriff Kane brought out the brass band on Sunday evening and gave him another serenade. Wine flowed freely, and general hilarity prevailed.

JOHN ROEDER, one of our substantial citizens, is up for County Treasurer before the Liberal Republican and Democratic County Convention.

THE ELECT.—As far as known the following are the delegates elected to the Democratic Convention to be held in this city October 10:

Pioche Precinct—John Roeder, John C. Lynch, Louis Sultan, Edward Donohoe, Mat. Schuistrich, Benj. Cohn, W. M. Luback, James Pierson, Jos. Coschina, R. S. Wright, C. H. Beckwith, M. Richardson, John Tyler, Col. E. Lane, J. E. Lucas, Fred. Baker, Chas. Goedicke, Charles Pryor, E. L. Bradshaw, Geo. Lovering, Wm. Scanlan, T. J. Andrews, W. W. Ketton, Mitchell Daney, Reed McLean and T. A. Stoutenburgh. Bullionville—E. D. Turner, J. H. Goodrich, C. R. Cardan, B. F. Marshall, A. McMahon, Jas. Conway, G. N. Hill and J. McAlleer.

Condor Mill—J. D. Van Etty.
Chief District—A. C. Yoacham and A. Laswell.

PERSONAL.—L. H. Newton, Esq., of Nye county, arrived in town on Sunday evening, and paid our office a visit. He was surprised to see that Pioche was as large and full of life as it is, having entertained the idea that it was only a small mining camp. Mr. Newton is Superintendent of the Troy mine, Troy District, owned by an English company, and is also the Democratic nominee for Senator from Nye county. Unless appearances are deceiving, the people of Nye would do well to secure such a man for their Senator.

THEATRE.—Last evening's entertainment—benefit of the Lovells—was very thinly attended. The first play, Bon-hastes Furioso, was very poorly rendered. The other light plays were very fair. A song and dance, by one of the young lady volunteers, met with considerable appreciation. There are a number of benefits on the tapis, to come off within the next two months, but those getting up such shows will find it necessary to put something forward worth seeing, and not a lot of bosh, if they expect to draw; otherwise all such attempts will result in utter failure.

Geo. Phillips, late of San Francisco, a former resident of Pioche, arrived on Sunday evening. He is to take the superintendency of Spring Mountain Tunnel, and will put an extra posse of men to work.

NEW TELEGRAPH LINE.—The line between this city and Hamilton approaches completion. The wires have been tested, and it is expected that the first despatches will pass over the line to-day.

WATER RATES.—The water rates of the Floral Springs Water Company will be found in to-day's paper, over the signature of the proper authority. It will be seen that the rates are increased somewhat.

M. A. French, an old Californian, late of Virginia City, reached Pioche on Sunday. He will become a permanent citizen of this place, having taken a position in the house of J. J. Halpin & Co.

ASSAYER.—T. R. Butler, well-known to the mining community, has opened an assay office opposite the Pioche hoisting works, where he is prepared to attend promptly to all calls.

THE BOARD OF CO. COMMISSIONERS will meet Friday October, 4th 1872, to transact all business that may come before them.

Telegraphic Dispatches.

SPECIAL TO THE RECORD, VIA DESPATCH TELEGRAPH
Pacific Coast, Eastern and Foreign.

PACIFIC COAST.
San Francisco, Sept. 30.—Contrary to all expectations the jury in the Fair case agreed upon a verdict this morning. At 9 o'clock Court met and jury called in. Upon being asked if they had agreed upon a verdict the Foreman answered they had. It was then handed to the Clerk, who, while a breathless silence prevailed throughout the court room a verdict of not guilty was read. It was received with astonishment, but no signs of approval or dissent was manifest. Immediately thereafter the prisoner was discharged, and left the court room in company with her counsel and friends. Mrs. Fair appeared greatly excited.

EASTERN.
Washington, Sept. 30.—The President's return to the White House gave it an animated appearance yesterday. There were numerous callers. Considerable delayed business was disposed of and a number of appointments were made. General Sherman had a long conference, and after furnishing many points of interest regarding his European trip he entered upon a full discussion of the Indian situation. The President said that, notwithstanding the hostile demonstrations of certain tribes, he felt confident there would be no Indian war. General Sherman thought many of the army officers are of the opinion that a war cannot be avoided, especially in Arizona and Dakota.

New York, Sept. 30.—At half-past 9 o'clock yesterday morning a train filled with employees of the Rondon and Boynton branch of the Delaware, Lackawanna and Western Railroad collided with a coal train near Patterson, N. J. The cars were thrown from the track and completely wrecked. Hiram O. Bagley, Jr., and John C. Wiggins were killed, and eight seriously injured. The cause of the accident will be investigated to-day.

Chicago, Sept. 30.—Reports from the Lake ports show the storm of Saturday night and Sunday to have been very severe, and much damage was done to shipping. So far there are no accounts of loss of life.

Buffalo, Sept. 30.—The storm has subsided. No serious maritime disasters are reported. Two hundred feet of the new breakwater in front of the harbor were carried away.

Camden, Me., Sept. 30.—E. K. Smart, ex-Congressman and Democratic candidate for Governor in 1870, died last night.

New York, Sept. 30.—Patrick Leavy, recently discharged from the Insane Asylum, had a recurrence of insanity this morning and attacked and horribly mutilated his wife and daughter with a meat saw. Both will probably die.

FOREIGN.

Madrid, Sept. 30.—Gen. Espanola has resigned his seat in the Senate. It is reported that the Government has resolved to submit to other European powers the question of the justness of its claims against the United States for damages by Cuban filibustering expeditions.

Paris, Sept. 30.—The Republicans in Algeria have nominated Victor Hugo for the Assembly.

London, Sept. 30.—The Times confirms the report of the resignation of Lord Chancellor H. Hatherly.

A meeting of railroad servants was held at Hyde Park yesterday to take into consideration measures for furthering an emigration of large numbers of this class to Canada and the United States. The ship Nanzavine was wrecked off Formby, Lancashire county, during the heavy gales the latter part of the week. All on board were drowned. Many reports of other disasters are also received.

CIRCULATING LIBRARY.—Folk & Levin on Main street have just received the latest and best publications at their extensive circulating library, and they offer it to the public at 25 cents per volume. Call and see them.
